

28] Draw a flowchart to reverse a given integer num

rev	number	number > 0	digit	rev = rev * 10 + digit	num = num / 10
0	1234	1234 > 0 T	4	4 = 0 * 10 + 4	1234 / 10 = 123
		123 > 0 T	3	43 = 4 * 10 + 3	123 / 10 = 12
		12 > 0 T	2	432 = 43 * 10 + 2	12 / 10 = 1
		1 > 0 T	1	4321 = 432 * 10 + 1	1 / 10 = 0
		0 > 0 (F)			

→ print rev → 4321
