

It will execute the main function and executes all the instructions one by one sequentially from the beginning to end. When the main function terminates then the program will terminate.

```
void main ( )
```

```
{
```

```
_____
```

```
_____
```

```
_____
```

```
}
```

```
int main ( )
```

```
{
```

```
_____
```

```
_____
```

```
_____
```

```
return (x);
```

```
}
```

```
main ( )
```

```
{
```

```
_____
```

```
_____
```

```
_____
```

```
return (0);
```

```
}
```

NOTE:

- i] Every C program must be saved with file extension .c.
