

51] Write a program to generate and display 1 to N natural no's using goto & label.

→ #include <stdio.h>
void main()

{
int n, x=1;
clrscr();

begin:

printf("\nEnter value for n:");

scanf("%d", &n);

printf("\n\n Generation of 1 to %d Natural Numbers
: \n", n);

process:

if (x <= n)

{

printf("\t %d", x);

x = x + 1; /* x += 1; or ++x; or x++ */

goto process;

}

else

{

goto end;

}

end:

getch();

}
