

Q7] Draw a flowchart to display sum of digits of given integer numbers

num	num > 0	digit = num MOD 10	sd = sd + digit	num = num / 10
1234	1234 > 0 T	4 = 1234 MOD 10	4 = 0 + 4	123 = 1234 / 10
123	123 > 0 T	3 = 123 MOD 10	7 = 4 + 3	12 = 123 / 10
12	12 > 0 T	2 = 12 MOD 10	9 = 7 + 2	2 = 12 / 10
1	1 > 0 T	1 = 1 MOD 10	10 = 9 + 1	0 = 1 / 10
0	0 > 0 F			

print sd → STOP
10,,
