```c
} while (u<=n);
  getch();
}
```

54] Same program using for loop.

→
```c
#include <stdio.h>
void main()
{
  int n,u;
  clrscr();
  printf("\n Enter value for n:");
  scanf("%d",&n);
  printf("\n\n Generation of 1 to %d Natural Number :\n ", n);
  for (u=1; u<=n; u++)
  {
    printf("\t %d ",u);
  }
  getch();
}
```

55] Write a program to generate and display given range of no/'s.

→
```c
#include <stdio.h>
void main()
{
  int sn,en,u;
  clrscr();
  printf("\n Enter Range of Number :");
  scanf("%d %d", &sn, &en);
```
